

ANDREW JEROME

The best stories are simple and honest.
Design is no different.

THE PERSON

My process is rooted in allowing information and functionality to coexist while maintaining a simple, captivating experience for users across digital mediums. In my work, the ethos that must remain constant is the ability to enable and inspire people through design.

THE WORKER

February 2021 - June 2022

Product Owner, Design Systems | Meijer

Team lead for Acres design system (14 designers and developers). We built (and maintained) component libraries leveraged by all associates in Digital Services (300+ people) to build consumer-facing experiences.

September 2019 - February 2021

Lead, UI / Design Systems | Nielsen

Principal architect and ambassador for 'Atlas Design System', an end-to-end ecosystem that drove consistency, scalability, and unity across all NielsenIQ products.

January 2019 - July 2019

Systems Production Designer | GE Healthcare

Built and maintained the component library for GE Healthcare. Sketch and Adobe XD were used to create a cohesive system leveraged by GE associates globally.

August 2018 - January 2019

Interactive Designer | C Change Inc.

Worked primarily with Accenture to build experiences aligned with their updated digital identity known as their PDK (Product Design Kit).

March 2018 - June 2018

Senior UI / UX Designer | Aon (Contract)

3-month contract building the UI Kit/Component, the was library used by the digital team in product designs.

April 2017 - March 2018

Creative Designer | Omobono

Produced B2B content for SAP, Accenture, JLL, and Marriot in a fast-paced agency environment.

April 2016 -- October 2016

Instructional Designer | Sublime Media

Produced LMS courses for Amazon, Microsoft, eBay, and Liberty Mutual, ensuring policies were understood.
